

Red Cross Bloodmobile to Visit Civic Auditorium Next Feb. 9

The Red Cross bloodmobile will visit Torrance, locating at the Civic Auditorium, on Monday Feb. 9, to recruit life-giving donations of blood for the wounded of Korea and local civilian hospitals.

So announced Mrs. Don Hyde and Mrs. Mel Howard, Blood Bank co-chairmen, yesterday in a message urging all local citizens to sign up now for appointments to meet the mobile. Appointments to donate blood "to save lives of wounded Americans overseas" can be made by calling Torrance 3447 or Torrance 3448.

"Our blood is urgently needed now," the local chairmen said. "In addition to setting up accounts in life-giving blood against which we and our immediate families may draw in an emergency, our donations through the Red Cross mean that battlefield surgeons in Korea will have blood for wounded GIs."

Mrs. Hyde underscored the necessity of making an appointment for the donation. In some cases, she said, it will be necessary for prospective donors to accept less than the most desirable hour.

Need Expanded
"The Los Angeles Regional Blood Service is operating at the very limit of its facilities in staff and equipment to meet the vastly expanded need for blood and blood derivatives," Mrs. Hyde declared. "Furthermore the highly perishable nature of whole blood makes it imperative that the Red Cross fill completely every quota."

"Were we to fall short of doing our share, the deficit could not be made up."
This blood bank is sponsored by the Torrance branch of American Red Cross which makes its headquarters at 1754 Torrance Blvd. Volunteer workers will be on hand from Monday through

Friday, 10 a.m. to 12 noon, 2 p.m. to 4 p.m. to handle incoming calls for blood bank appointments. Call Torrance 3447 or 3448 now!

Yeaman's Top Shop to Move About Feb. 1

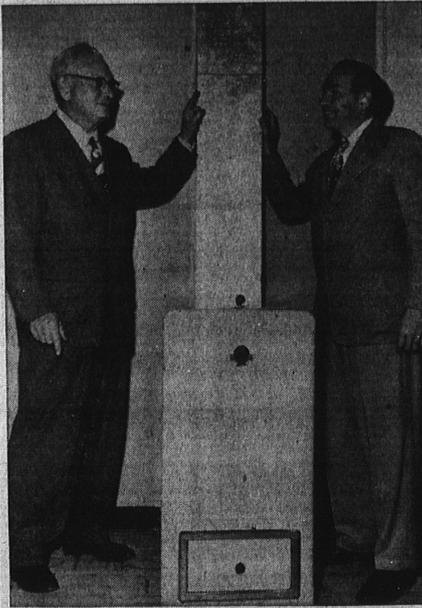

A consistently increasing volume of business has prompted Carl Yeaman, of C. Yeaman's Auto Top and Seat Cover Shop, to seek newer and larger quarters at 2518 Torrance Blvd.

Yeaman hopes to complete the move to his new quarters which are located just east of Crenshaw Blvd. about Feb. 1. His present shop is located at 1312 Cabrillo Ave.

When completed, the new facilities will enable six cars to be parked indoors while tops are being replaced and seat covers—all custommade, are fitted. Outside parking in an area 50 by 60 feet has been provided.

Yeaman is no novice to the trade. He started in the business 46 years ago when surries with the fringe on top was the vogue of the day. He entered the trade as a carriage trimmer.

He has been in his present location 2 1/2 years. He lives at 1525 W. 219th St. where he pursues his hobby as an amateur radio operator.

STAMP OF APPROVAL . . . Tenney Gray, dealer representative for the Southern California Gas Co., (left), tells Jim Lawson, co-owner of the Liberty Home Economy Co., 1623 Cravens Ave., that the gas company has tested and given its approval to the Calcinator, low-heat refuse disposer. The unit, which will dispose of garbage, trash, papers and other refuse has also been tested by the American Gas Association Laboratories and given the Blue Star of Approval. The unit — hailed as the answer to back yard incinerators — may be seen at the Liberty Home store at 1623 Cravens.

Board of Education Told City Has 164 Elementary Classrooms

A report of the elementary which was handed to the Board of Education this week revealed that a total of 164 regular and makeshift classrooms are now in use as compared to a total of 54 useable rooms in September, 1947.

Of the 164 total, however, only 135 were termed adequate. Nine of the present classrooms were designed to be used for other purposes, 13 of them were described as adequate portable (bungalow, etc.) and seven as inadequate portable rooms.

Now in the planning stage are 38 classrooms and an additional 41 should be provided in the foreseeable future, the report stated. The 41 needed classrooms include the Hillside School in the development at Crenshaw and Pacific Coast Hwy., and the Pacific school planned for the Elfinwood tract of 1300 homes.

EMPLOYE LIST

The maritime industry of the United States employs an estimated 165,560 persons full time.

Reflections

By J. HUGH SHERFFEY, JR.

WIPE OUT POLIO

Yellow fever, Typhoid and Small Pox has been wiped out. Those diseases took a toll far greater than polio, with this difference: polio maims, cripples. We can and must wipe out this scourge.

Give to March of Dimes. You may save a youngster from a wheel chair, or worse, an iron lung and a bleak, grim future in a hospital room.

Science is working around the clock to abate this disease. Men, sure they were right, have junked thousands and thousands of experiments and started over. In the meantime you and I must keep those men delving into the dark to find that pin point of light, then sunshine of accomplishment that takes money, piles and stacks of it, for continued research and treatment. We must have both.

Give generously. Your contribution may contribute to the treatment of a member of your family. You are not immune; it could be you. Give, as if it was for yourself.

Worst Polio Year Spurs Dimes Drive

The worst polio year on record called for greater giving than ever before as the 1953 March of Dimes campaign was launched Jan. 2 in Torrance and throughout the nation.

A new high of more than 55,000 cases was added this year to the already heavy backlog of 58,000 people in the nation receiving March of Dimes aid.

Postmaster Clara Conner, chairman of the Torrance campaign, pointed out. To meet the staggering needs, the National Foundation for Infantile Paralysis has piled up a debt of \$7,000,000 which must be met in the March of Dimes drive in 1953.

In Los Angeles, Sheriff Eugene Biscailuz, chairman, reported a total of \$924,085.51 was spent during the past year to care for 1516 victims of the disease in that area. The city suffered its second worst polio year, with one case reported every two hours in the month of October alone.

"As scientists approach closer to the conquest of polio, the disease is raging with increasing savagery," Biscailuz declared. "We now stand on the very threshold of victory over polio."

Man Found Not Guilty In Gun Threatening

Edward Burton, 1213 W. 215th St., who was arrested on Dec. 9 for displaying and brandishing a gun in a threatening manner

Dr. R. McNiel Moves to New Med Building

Dr. Ralph McNiel will move into the new medical building at 2376 Torrance Blvd. today or tomorrow to engage in the general practice of medicine and surgery, he indicated this week.

Dr. McNiel is a former partner with Dr. Rodney Stetson and shared office space with the latter at 2406 Torrance Blvd. across the street from the new offices.

His new facilities consist of a spacious waiting room, office, a nurses' work room, and four treatment rooms. Unoccupied is a suite intended for a dental office. Available also are facilities for a "part time" specialist, according to Dr. McNiel.

Ample parking for patients has been provided for in a black-topped area to the rear of the building.

and for disturbing the peace, was found not guilty in a Municipal Court trial Jan. 5, according to his attorney, Dudley Gray of Gardena.

Lomita Student Commissioned In Dental Corps

Manfred F. Gildner Jr., 419 Harbor Hills, has been selected for a reserve commission in the Army Dental Corps, the Army has announced.

Gildner, now a reserve second lieutenant, is a senior dental student at the University of Southern California.

Upon graduation, he will begin a two-year tour of active Army duty as a first lieutenant. The commission was offered under the Army's Senior Dental Student program, through which the student receives full pay and allowances while completing his studies.

Gildner was one of 36 seniors from 21 dental schools throughout the country receiving reserve commissions.
